ONE HUNDRED KILLED

Moros Sustained a Decidedly Disastrous Defeat.

GOT A STRONGHOLD.

Captain Pershing's Force Was Surveying When the Bacoldians Opposed the Advance and a Fight Ensued.

Manila, April 10.—Capt. Pershing's forces captured Bacold, island of Mindanao. They killed 100 Moros and wounded many others. Three Americans were wounded. Pershing's forces consisted of Shaw's battalion of the Twenty-seventh infantry, Patrick's troops of the Fifteenth cavalry and Chacuad's battery. Pershing was surveying on the west shore lands when the Bacoldians opposed the advance and provoked the fight. Pershing surrounded and attacked the stronghold, first shelling them and rushing his troops forward, charged gallantly. After crossing a deep moat and entering the fort the Americans engaged Moros' bayonets against Krisses. One hundred defenders were killed, including Datto Panandungan, and many were wounded. After the capture of the fort it was destroyed. Bacold leaders and a majority of the people of that district have been hostile to Americans and encouraged attacks on American camps. They rejected tenders of friendship. It was expected the defeat of the Bacoldians would result in all Moros acknowledging American sovereignty. Pershing's column is going to Marahue, which is also hostile.

CRIBBING FASTENED.

It May Hold for a While, but Crevasse Cannot Be Closed.

New Orleans, April 10.—The ends of the broken cribbing at Hymelia have been fastened, and there is hope that they may be held for a while only, as further attempt to close the crevasse is considered hopeless. About 350 men are still employed on the works. Water back of the levee is rising in all directions. Sheet piling, with which it is proposed to attempt to build the line across the front of the broken cribbing, has not yet arrived. The chief effort will be made now to restrict the width of the opening in the cribbing, so as to reduce the volume of water pouring into the fields.

The river here is falling. For the first time in many days it went under twenty feet, registering 19.9 according to the government report. All levees in Louisiana line, except where breaks occurred some time ago are holding.

NEW CRISIS.

It Is Feared That the Presence of French Troops May Result in One.

Victoria, B. C., April 10.—A new crisis has threatened the Chinese government as the result of continued rebellion successes in south China for, according to mail advices, the French are pouring troops into Kwang Si from Assam. It seems the governor of Kwang Si Wang Chi Sun requested the French officers in Assam to send troops to his assistance, and although the Pekin government countermanded the request, the French have gone into the south China province, and it is feared that France, like Russia in north, will seize territory.

NEGRO TOUGHS.

They Attack a Town Hall and Demolish the Walls, Roof and Windows.

Lawrenceburg, Ind., April 10.—Negroes, numbering nearly fifty, armed with various weapons assaulted the town hall of Cleves, O., completely demolishing its walls, roof and windows with boulders, clubs, and bullets. A number of young white people were dancing in the hall and several were slightly injured. With drawn revolvers the white men chased the black mob away. A running fight through the town followed. Many shots were fired. One negro was slightly wounded, but got away. A patrol is preventing an attack of indignant whites on the negro settlement at Coal City.

Says He Has Facts.

Austin, April 10.—The house discussed at length A. S. Busby matter. The Jones resolution was taken up. The author of the resolution stated on the floor of the house that "the real truth is that the state has been robbed out of \$150,000 and I have the facts in my desk to show it." A substitute adding two senators to committee was offered and both resolution and substitute went over on account of time for consideration resolution having expired. House passed finally bill making provision for refunding \$288,000, state bonds which mature in 1904.

Bills Approved.

Austin, April 10.—The governor approved house bill requiring street car companies in cities of 40,000 or over to transport children under twelve years of age and all students up to seventeen years, at one half regular fare. He also approved the Cotton Belt consolidation bill, by the terms of which that road absorbs the Texas and Louisiana.

PRACTICALLY GIVE UP

All Hope of Repairing the Hymelia Break About Abandoned.

CURRENT IS TERRIFIC

Water Sweeps Through the Broken Ends of the Cribbing, Undermining the Light Piling of Several Days' Work.

New Orleans, April 10.—Hope of closing the Hymelia crevasse has been practically abandoned Thursday by Senator Brady and those who have been associated with him. All day a terrific current swept around the broken ends of the cribbing and through the great 700 foot gap in the levee, undermining the light piling which it had taken thirteen days and nights to build. Early in the forenoon it became evident that any effort to build fresh cribbing to join the ends would be futile and every energy was directed to protecting what was left. Considerable success attended these efforts and the sacking of other portions of the cribbing was continued, but it was generally understood that complete surrender would be made to the river if the experiment of driving sea wall piling across the break in the cribbing fails. A delegation from the crevasse came to the city and made purchase of this piling. It is considered, however, that not a chance in a thousand to close the crevasse remains. The levee board has practically reached the end of its resources and planters are pulling away their hands in order to build protection levees about their places. It will probably be several weeks before the crevasse ceases to run.

The weather bureau expresses the belief that high water will continue in the lower Mississippi for three weeks or longer though there will be but slight changes in the next few days. The break above the mouth of the Red river have caused a delay in the movement of the Mississippi flood and it appears that the Red river waters will pass out in advance. Hence the weather bureau thinks the stages in the lower Mississippi will be as high as they would have been had no breaks occurred. The river here Thursday was 20.1. In view of the situation at Hymelia it is doubted if it will go higher than the maximum of 21.3 already recorded this season.

HAMILTON CLUB.

Hon. Henry Watterson Among Speakers at the Annual Banquet.

Chicago, April 10.—The annual banquet of the Hamilton club, which is held each year on the anniversary of the surrender of Appomattox, transpired Thursday night in the Auditorium hotel. A large number of local guests was present and many came from distant points. Former Congressman Francis W. Cushman of Tacoma, Wash., was to have delivered an address, but was unable to be present because of the death of his father. The other addresses were by Henry Watterson of Louisville, Ky., Rev. Thomas P. Greene, Cedar Rapids, and Edwin L. Hamilton of Michigan. A reception in the parlors of the hotel preceded the banquet.

AUTHORITY SUSTAINED.

Action of Secretary Hitchcock in Having Cattle Removed Declared Correct.

Washington, April 10.—The court of appeals of the District of Columbia has sustained the authority of the Indian tribes in the Indian Territory to make the payment of a permit fee or tribal tax a pre-requisite to the grazing of cattle and other livestock within the Indian Territory by persons who are not members of the tribes and has sustained the authority of the secretary of the interior to enforce such an Indian law by removing from the Indian Territory all cattle and other livestock upon which this fee is not paid.

The decision was rendered in the case of Edwin T. Morris and other Texas cattlemen against Ethan A. Hitchcock, secretary of the interior, in which the plaintiffs sought to enjoin the secretary from removing Indian Territory cattle upon which they had refused to pay the tax.

Nine Sawmills Seized.

Parnell, I. T., April 10.—The Indian police, working under orders from headquarters at Muskogee, after a lively skirmish, seized nine sawmills and 2,000,000 feet of lumber valued at \$100,000 in the Little River country near Harrington, I. T.

Charter Granted.

Guthrie, Okla., April 10.—A charter was granted to the Blackwell, Fairmount and Southern Railroad company, capital \$500,000, to build a line 100 miles long from Blackwell to E. Reno, Okla. The incorporators are residents of Oklahoma.

THE DAILY EAGLE.

Entered at the postoffice as second class mail matter.

BY CONNELLY & CARNES.

Per Week, 15c. - - Per Month, 40c.

BRYAN, TEXAS, APRIL 11, 1903

The president is hunting lions now in Yellowstone park.

Big excursions of Eastern capitalists are getting quite common in Texas.

Charbon is devastating stock and persons, too, in Mamou parish, La.

Frank G. Carpenter, who is now touring Europe, and is in Germany writing up her institutions, among them her emperor, finds many points of similarity between the emperor of Germany and our president, Mr. Roosevelt. Some of the points of resemblance are as follows: Love of horses, general strenuousness and extravagance in spending money. In the last mentioned matter Mr. Carpenter refers to the expensive entertainments at our emperor's new palace, comparing them with those of Germany's emperor. The German emperor manages to get along with an income of \$5,000,000 a year, to which is added a million from his own personal estates. Our Teddy's income does not yet reach that of the emperor, but then our ruler has not been in the saddle but about two years yet, while William II. has had the throne many years. Roosevelt will doubtless have more to spend if he stays in office a while.

Just received—Lowney's Easter Candies, at James & Hart's. 27-8

Governor Lanham has landed another veto. This time it is a railway consolidation bill—the one providing for the consolidation of the Southern Pacific railway. The San Antonio & Aransas Pass was a competing line of one of the roads proposed to be consolidated, and being a competing line with them, owned by the Southern Pacific, would, in the governor's mind, render the bill obnoxious to the constitution of Texas.

Notice is hereby given that trimming trees and dumping the limbs into the street or filling drains with them or with rubbish is in violation of a city ordinance and cannot be permitted. Such things must be disposed of by being hauled off or burned by the parties owning the property. R. H. Harrison, Mayor. 110

EASTER EGG HUNT.

The Ladies' Aid Society of the Methodist church will have their annual Easter egg hunt in the court house yard next Saturday, April 11, at 3 o'clock p. m. The prizes will be unusually attractive this year, and the contests new and novel. Among them is a test of skill in carrying eggs on a souvenir spoon. All the children regardless of denomination, are cordially invited. Admission only 10 cents. 107

NOTICE.

We understand that it is reported that the Bryan Brick Warehouse has been sold and closed up, but it is false. The warehouse is open and will stay open. 106-26 J. T. Hines.

With his usual progressiveness John M. Caldwell has received an elegant line of Elk jewelry in advance of the organization of that popular order in Bryan. 107

Hammond Goes to Waco.

City of Mexico, April 10.—John Hays Hammond, the noted mining engineer, will arrive here about the middle of this month to manage the mining interests of the Guggenheims.

NEWS IN BRIEF.

A negro named Dan Washington was shot five times and killed at Fairfield, Texas.

Harry Davis ruptured a blood vessel at El Paso and expired. He lived at Fort Worth.

Two Oak Cliff citizens will file a protest in the Forty-fourth district court against annexation to Dallas.

Harry Eldridge was assaulted and knocked in the head at Dallas and robbed of his watch and some money.

Hon. A. W. Deberry, one of Texas' most distinguished lawyers and secretary of state during the administration of Governor Coke, died at his late home in Aransas Pass.

In a street fight at Opelika, Ala., Deputy Sheriff Moon was shot through an arm and John Long, a well-known citizen killed. Latter was slain by sheriff. Ten shots were fired.

Police of Butte, Mont., believed that in John Nelson, who confessed to robbing a hardware store here of several thousand dollars' worth of goods, they have James Dunham, alleged to have killed an entire family in California in 186.

WISHES INQUIRY.

Representative Bryant Introduces Resolution as to Penitentiaries.

Austin, April 10.—In the house Thursday Representative Bryant offered the following:

Whereas, It has become necessary for the legislature to appropriate the sum of \$50,000 to defray the current expenses of the penitentiary system, and

Whereas, The present legislature has appropriated the sum of \$150,000 to maintain and operate the iron industry within this system; and

Whereas, Representatives of the penitentiary board used as an argument before the committee on penitentiaries to obtain said \$150,000 appropriation, that the penitentiary fund was in good shape and that the outside convicts, numbering approximately 2000, brought into the penitentiary fund a net revenue of \$112,500 per annum, and, in order to maintain the then present fine financial conditions of the penitentiary system those outside convicts would be required to remain on the farms and utilized in running the iron furnace, and thereby could be added to the penitentiary fund from this iron industry the sum of \$75,000 per annum; and

Whereas, It now comes to the knowledge of this legislature that said penitentiary fund is absolutely bankrupt and members of the penitentiary board are here before this legislature using every effort to maintain the present short-term convicts on the farms and in competition to free labor, instead of putting them on the public roads of this state as is demanded by the people; and

Whereas, It is now being circulated through the public press of the state that the financial condition of the penitentiary system is in bad shape; now, therefore, be it

Resolved, By the house of representatives, the senate concurring, that a committee of five be appointed, three by the speaker of the house of representatives and two by the president of the senate, to investigate the present penitentiary system in all of its details; that joint committee proceed at once to discharge the duties herein imposed, and that they are hereby empowered to take testimony and administer oaths, and adopt such rules and regulations for their government as they may deem best, and employ such clerks as they may need, that they may make a stenographic report back to this special session of the legislature, showing the receipts and disbursements and general financial working of the entire penitentiary system for the full five years from and preceding March 1, 1903, and that all the necessary expenses of such investigation be paid out of the contingent fund of the house and senate in equal proportion.

Hon. J. Ras Jones also sent up to be printed in the journal a resolution referring to the same subject matter. His resolution provides for the appointment of a committee of three members of the house, who shall report their findings within ten days.

The governor has vetoed the switch light bill and one exempting armories of military companies from taxation. House has re-employed pages.

Ninety members of the house ask Governor Lanham to submit the uniform textbook bill.

Vetoed Railroad Merger.

Austin, April 10.—Governor Lanham vetoed the bill authorizing the Galveston, Harrisburg and San Antonio Railway company to purchase and operate the New York, Texas and Mexican, the G. W. T. and P. the Gonzales branch, and the Galveston, Houston and Northern railways.

Two More Arrests.

Sherman, Tex., April 10.—The body of Ben L. Thompson, killed here, was sent to Commerce. Tom Grigsby of Bailey and Charles Oldham of Bonham were jailed. Mrs. Ellis Stone arrived from Texarkana; Labe Stone and Miss Ethel Stone, father and sister of defendant, also arrived. They were accompanied by Col. B. Q. Evans of Greenville, Miss Stone's attorney in a suit brought by her against Thompson for breach of promise. Miss Stone, while at scene of tragedy, fell into a swoon and her condition was quite critical for some time.

Editors at Dallas.

Dallas, April 10.—Iowa Press association to the number of fifty-four arrived here Thursday night. In the morning they were at Wichita Falls and Iowa Park, where they were nicely entertained. They visited the great irrigation dam near Wichita Falls. Their entertainment here includes a trolley ride over the city under the auspices of the local press and a lunch at the Commercial club.

For San Jacinto Battlefield.

Austin, April 10.—The senate finance committee inserted in the appropriation bill an item of \$30,000 to fence and beautify the San Jacinto battlefield. This is \$10,000 more than was inserted in the bill by the house finance committee several days ago.

Disapproved by Culberson.

Dallas, April 10.—In an interview relative to a resurvey of the boundary line between Texas and that part of Oklahoma formerly known as Greer county and between Texas and New Mexico, Senator Culberson says complications would follow and disapproves such action.

Fire at St. Edward's College.

Austin, April 10.—The large main building of St. Edward's college was completely destroyed by fire. The building was of stone and the loss is estimated at \$150,000; insurance, \$30,000.

Made Doctor of Laws.

Seymour, Tex., April 10.—The Nashville College of Laws has recently conferred on Judge D. A. Holman of Seymour the honorary degree of LL. D., in recognition of his unquestionable ability and integrity.

'IT
BEATS
THE
DUTCH'

That's a homely phrase, to be sure, but it expresses in a nut shell the popularity, constantly increasing at that of the

Snow Queen

flour. You ask the reason? Answer: very simple—nothing but the best wheat used, the latest and most highly methods of manufacture, best raising qualities, best bread, cakes and pies as a resultant.

COX & ODOM Phone 106

GOVERNMENT RIGHT.

Position of United States Against Certain Companies Sustained.

St. Paul, Minn., April 10.—The position of the United States government in the suit brought against the Northern Securities Company, the Northern Pacific and Great Northern railways and individual officials and directors of those companies was sustained in the decision handed down in the United States circuit court of appeals in this city Thursday. The case was originally brought in the United States district court at this city, but under a special act of congress was taken at once to the court of appeals, which court was to expedite the hearing and decision of the case in every manner possible. The taking of testimony in this city and in New York lasted for several weeks and the arguments in St. Louis before Circuit Judges Caldwell, Sanborn, Thayer and Vandever took several days. The decision of the court was written by Judge Thayer, and was filed in this city, where the original action was instituted. An appeal to the United States supreme court will be taken immediately. All four judges concurred in the conclusion of the court.

MADE RESPONDENTS'

A Number of Trunk Lines Called Upon to File Answer Soon.

Washington, April 10.—The interstate commerce commission made a number of trunk railway lines respondents in proceedings involving the legality of their local rates on grain and grain products and in the case of the two roads the class and commodity rates and issued an order requiring the roads to file an answer by May 10.

In the case of the Missouri, Kansas and Texas and the St. Louis and San Francisco, the commission says it appears these roads put into effect class rates between St. Louis and Tex as common points considerably higher than those in force on like traffic at any time since the operation of the interstate commerce law in 1887 except classes D and E, upon which rates are respectively one cent higher and one cent lower and slightly lower than on November 20, 1889, but three cents higher than on December 4, 1893.

GUN BURSTS.

Disastrous Affair Occurs on Board of the Battleship Iowa.

Pensacola, Fla., April 10.—A disastrous explosion occurred on the battleship Iowa Thursday while the vessel was at target practice in the gulf. The forward port twelve-inch gun burst from the premature explosion of a shell, 12 feet of the piece outside the turret being demolished. Three men were killed and five were injured, two seriously.

Killed: F. L. Berry, ordinary seaman, next of kin, Mrs. Hattie Wilson, Las Vegas, N. M.; E. L. Purcell, landsman, next of kin Mrs. Ellen Purcell, 683 N. street, N. W., Washington, D. C.; Walter F. Kelle, seaman, next of kin A. Moore, St. Charles, Mo. The injured: G. Rothschild, coppersmith; I. E. Tuesdall, landsman; Paul Gocht, quartermaster of the first class; F. Parrucker, gunner's mate of the third class.

The men killed and injured were on

the second gun deck at mess. Three pieces of the exploded gun, each weighing over a ton, passed downward through the spar deck, falling upon the men at mess, instantly killing the three named. All of the men were horribly mutilated. The heavy missiles, after passing through the gun deck, continued down to third deck, where they came in contact with the armored deck, the heavy steel bringing them to a stop and thus saving the engineers and firemen who were at work below.

MORE NAMES.

It Is Thought Many Will Be Added to the List of Deaths.

Little Rock, Ark., April 10.—A special to the Arkansas Gazette from Morrilton, Ark., says:

Van Buren county, which lies to the north of this (Conway) county, and for which Morrilton is the trading point, will furnish many names for the list of those killed and injured by the awful tornado of Tuesday evening. Because of the fact that there are no railroads and few telegraph or telephone lines in that county it will be several days before a complete list of the casualties and of the property destroyed can be compiled. The result of investigations follows:

The dead: Infant child of Mr. and Mrs. George Shipp. The injured: Mr. and Mrs. George Shipp, and one of their children, of Culpepper Mountain. Mrs. Shipp and the child are so badly injured that small hope is given for their recovery.

Mr. and Mrs. Joiner of Slick Rock, house demolished and occupants blown forty yards.

Dr. and Mrs. Pavatt and an infant child. There is small hope for the recovery of Mrs. Pavatt and the baby.

Two More Deaths.

Hanceville, Ala., April 10.—Two more deaths resulted from the cyclone which swept the country west of here Wednesday morning about 2 o'clock. They were Isabel McCoy, aged six and Effie McCoy.

Large Sale of Cattle.

San Angelo, Tex., April 10.—Messrs. Felix Mann & Son have sold for different parties 5500 cows at \$12 and 2500 3 and 4-year old steers. All of these cattle will be shipped from Brady to the Territory. About 6000 of the lot were sold to T. B. Jones of Jonesdale, Tex.

Shot Himself to Death.

St. Louis, April 10.—R. B. Swift, president of the Cahill Swift Manufacturing company, shot himself to death. He was the son of Col. Wm. P. Swift, president of a construction company. No motive is assigned.

CITY COUNCIL MEETING.

Election Returns Canvassed—School
Trustees Elected—New Com-
mittees—Other Matters.

The city council met in regular session last night, Mayor Harrison presiding and all officers present except Alderman Johnston, who has moved away.

Minutes of last meeting and reports of officers were disposed of as usual. The fiscal agent's report shows balances as follows:

Special building fund.....	\$4599 64
Water works fund.....	38 25
Cemetery fund (overdrawn)	161 31
R'd and street imp. fund....	563 11
Special street fund.....	1096 37
Special water fund.....	1500 00
School fund.....	2 85
Street appropriation fund....	3622 94
Tax and fine fund (overdrawn)	694 66

The finance committee's report showed disbursements for various purposes aggregating \$509.70.

The street committee reported disbursements of \$284.64, including feed for teams.

The cemetery committee reported \$25.00 expenditure.

The secretary's report shows collections as follows: Tax and fine fund, \$230.80; building fund, \$7.00; building and street fund, \$1.22; water works fund, \$9.23; street appropriation, \$28.09; special street \$3.08; school fund, \$33.12.

The city sextons report for quarter ending March 31, showed nine interments in the city cemetery during the quarter, four white and five colored.

A resolution was offered and unanimously adopted thanking the retiring aldermen, Messrs. Knox and Johnston, for their faithful and efficient services to the city.

The returns of the late election were duly canvassed and the result declared, the new officers being sworn in. The old council adjourned and new board was called to order by the mayor.

The mayor announced the following standing committees:

Finance—Boyle, chairman; Searcy.

Street—Howell, chairman; Priddy.

Waterworks—Priddy, chairman; Stevenson.

Cemetery—Searcy, chairman; Boyle.

Fire—Stevenson, chairman; Howell.

A. M. Rhodes, W. R. Sanders, Ed Hall and W. T. James were elected school trustees.

W. A. Reed was re-elected deputy marshal.

A. W. Wilkerson was elected fiscal agent.

Three applications for city attorney were read, but action was deferred until a later meeting.

T. H. Spell was re-elected city sexton.

Action was deferred on a proposition to sprinkle the streets submitted by M. E. Wallace.

On motion the council adjourned to meet next Wednesday night for the approval of official bonds and other unfinished business.

Card from Mr. and Mrs. Coston.

We have been attending the Baptist services and have been much interested. We are sorry our baby disturbed the preacher last night, though Christ said: "Suffer little children to come unto me, for of such is the kingdom of heaven."

Mr. and Mrs. A. B. Coston.

AS TO MERGER.

Livestock Men Meet at Denver and Discuss Packinghouse Action.

Denver, April 10.—A meeting of livestock men has been held in Denver with representative men present from a dozen states west of the Mississippi river in response to a call made by President John W. Springer of the National Livestock Association of the United States, who presented the latest information concerning the packing house mergers scheme.

"It was determined," says Mr. Springer, "to fight the packers all along the line and to prevent if possible the contemplated merger for \$500,000,000. Officers were made to organize a new line of packing houses under pledge from all the big cattle producers to stand by the new packing house, if built. The federal government only awaits another move to prosecute criminally the officers of the combine as proposed, for disobedience of the injunction of the federal court at Chicago and all the states stand ready to suppress an unlawful conspiracy against interstate commerce."

Fought About a Show Seat.

Henderson, N. C., April 10.—One policeman shot three times in the stomach, another shot in the chest and a negro shot to death, is the result of a row here over a seat at a show. The negro took a reserved seat and was ordered by the police to move over to the side set apart for the negroes. He refused and had to be forcibly removed. After the show was over he walked up to Policeman Robertson and Crockett and began shooting. Robertson returned the fire killing the negro. Robertson is seriously wounded. Crockett's wound is not dangerous.

Government Wins.

St. Paul, April 10.—In the United States circuit court of appeals was handed down a decision in suit of the United States against Northern Securities company enjoining the company from voting stock of the Northern Pacific or Great Northern Railway company, but allowing return of such stock as had been delivered to that holding company. The opinion was written by Judge Thayer. The government wins suit on almost every point.

Minnesota to Be Launched.

New York, April 10.—Larger than any vessel ever built in this country, and only excelled in size in all the world's fleet by the Celtic and Cedric of the White Star line, the Minnesota will be launched at New London, Conn., April 16. Miss Hill, daughter of J. J. Hill, president of the Great Northern Steamship company, for whom the new ship was built, will christen her.

President's Action Indorsed.

Schenectady, N. Y., April 10.—At a mass meeting held here Wednesday night resolutions were adopted with much enthusiasm endorsing the action of President Roosevelt in appointing negroes to office, "and upholding the rights of colored people to partake of the fruits of citizenship."

Asked Them to Agree

The Hague, April 10.—According to the Vnderland railroad employees the union asked the state railroad companies to agree to negotiations for settlement of dispute and reinstatement of men.

Punishment Clause Adopted.

The Hague, April 10.—The second chamber of the Netherlands parliament adopted the anti-strike bill 81 to 14 votes. The Socialists and Liberal delegates voted with the minority. The punishment clause of the bill was adopted 78 to 15 votes.

Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

Mr. D. Kauble, of Nevada, O., says: "I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me."

Kodol Digests What You Eat and relieves the stomach of all nervous strain and the heart of all pressure.

Bottles only. \$1.00 Size holding 2 1/2 times the trial size, which sells for 50c.

Did Not Die of the Plague.

Mazatlan, Mex., April 10.—There was one death Thursday at the lazaretto. There are two patients in the lazaretto, one of whom is seriously ill. The patient who died was not sick of the plague, but of a complication of diseases.

Pool Dissolved.

New York, April 10.—Mr. T. J. Taylor made the official announcement of the pool, which has been engineered by Mr. Keene, and the firm of Talbot J. Taylor & Co.

Challenger Won.

Weymouth, Eng., April 10.—In the race Thursday between the Shamrock I and Shamrock III, the challenger won by seventeen minutes. The course was thirty miles.

Chickasaw Stockmen.

Purcell, I. T., April 10.—The Chickasaw Stockmen association met here. All the officers were re-elected. Twenty-seven new members were elected. Chickasaw holds next meeting.

Union and Non-Union Men Fight.

Detroit, Mich., April 10.—Michael Sullivan of Walkerville, Ont., was shot through the neck and a number of other men were slightly injured in a fight between strikers and non-union workmen of the Canadian Bridge company at Walkerville, across the river from Detroit. The fight took place in Detroit. The police arrested four non-union workmen, who were returning home from work.

"LOST MONDAY."

A Popular Fete Day in Belgium Whose Origin is a Mystery.

The first Monday after Epiphany is a fete day throughout Belgium. "Lost Monday" it is called; exactly why no one seems able to explain. The origin of the fete is lost in the legends of the middle ages, but the modern acceptance of the day is certainly lost to no one here. Like Mardi Gras, Lost Monday is a day of general merrymaking. Every cafe and restaurant in Brussels keeps "open house," and free drinks are on hand for all patrons of the establishment, and as a matter of fact for many others as well who are not regular patrons.

On Black Monday, then, as it is ironically called by some of the natives not overenchanted with the day, the streets of Brussels are given over to the people, and the adventurous foreigner, who, ignorant of the country's customs, ventures out, is apt to find that the Belgian populace is no respecter of persons. On this day the shopkeepers, sighing behind their counters, find themselves compelled to hand over to their customers' servants a forced contribution, amounting to a certain percentage of the year's purchases, while the bakers, too, have a contribution to offer in the shape of cakes specially made for the occasion and offered as gifts to their clientele.

In this manner the unique fete is perpetuated, though the calendar does not note in any particular manner the first Monday after Epiphany.

Where the Other Half Was.

A young minister in the course of an eloquent sermon on the pomps and vanities of the world staggered his congregation by exclaiming:

"Here am I standing here preaching to you with only half a shirt on my back, while you sit there covered with gawgaws and other baubles."

The next day a parcel containing several brand new shirts was left at his house by one of his hearers, a kind hearted old lady. Meeting the donor a few days afterward, he thanked her exceedingly, but expressed much surprise at receiving such an unexpected gift.

"Oh," said the lady, "you mentioned in your sermon on Sunday that you had only half a shirt on your back."

"Quite true," added his reverence, "but you seem to forget the other half was in front."—London Tit-Bits.

Vindicated Their Victim.

Bjornson was once asked by a friend upon what occasion in his life he had taken the greatest pleasure in knowing that he was a poet. "It was when a delegation from the Right came to my house in Christiania," he answered. "and smashed all the windows. Because when they had thus attacked me and were starting for home again they felt that they ought to sing something, and so they began to sing. 'Yes, we love this land of ours.' They couldn't do anything else. They had to sing the song of the man whom they had attacked."

The Persian Crow's Beak.

There is a weapon known as the "crow's beak" which was formerly much in use among men of rank in Persia and north India. It was a horseman's weapon and consisted of a broad curved dagger blade fixed at right angles to a shaft, pickax fashion. The shaft incloses a dagger, unscrewing at the butt end. This concealed dagger is a very common feature of Indian arms and especially of the battle axes of Persia.

FUSE WAS FAULTY.

Burned Faster Than Calculated, Causes Premature Explosion.

Pensacola, Fla., April 10.—An investigation of the explosion on the battleship Iowa, which occurred in the gulf near this port Thursday afternoon, resulting in the death of three seamen and the serious injuring of five others, shows the accident was caused entirely by a defective shell fuse, which, it is stated, burned faster than calculated. It is understood the shell exploded fully sixty seconds before it was timed to do so. An examination of the ship shows the burst gun is beyond repair and the twelve-inch forward turret will have to be removed. A number of supporters were also shrunk, and stated portions of the deck will have to be replaced where pieces of the heavy gun tore through.

The funeral of the three men who were killed in the accident occurred this morning at 11 o'clock.

The dead were buried in the national cemetery with military honors, companies of blue jackets from all the ships of the squadron participating in the exercises.

It is understood that all of the injured men are almost entirely out of danger, with the exception of First Class Seaman Paul Gough, who lost an eye and is in a critical condition. The Iowa steamed into the navy yard.

APPEAL OF CASE.

Northern Securities Company Matter May Soon Reach Supreme Court.

Washington, April 10.—Department of justice officials, while having no authoritative information on the subject, say there is little doubt an appeal in the Northern Securities company case will be taken to the supreme court very soon. Under the law defendants are allowed sixty days in which to appeal, but in view of the fact that counsel for the Securities company all along worked in harmony with the government in expediting disposition of the case, it is assumed this policy will be continued and the matter brought to the supreme court at the earliest practicable date.

CANNOT QUIT.

Must Not Obey Strike Order When Wage Requirements Prevail.

Chicago, April 10.—A dispatch to the Tribune from New York says: One of the most important legal decisions ever announced in the state on the question of the right of a labor union to order a strike has just been handed down by the appellate division of the supreme court. It is in effect that a labor union has not the right to order its men to quit work where they are in receipt of the wages demanded by the organization and where there is no attempt to employ non-union workers, but where the only question over which there is any difference is a refusal of the employer to recognize the union or its representative.

VALUABLE JEWELS.

Miss Cathleen Neilson Has Numerous and Costly Wedding Gifts.

Newport, R. I., April 10.—In a pasteboard box that appeared to contain nothing more valuable than a new hat

MISS CATHLEEN NEILSON.

\$200,000 worth of jewels, which had been presented to Miss Cathleen Neilson as wedding gifts, have been brought here from New York. The package is under the care of Chief of Police Richards of Newport.

Scratch Company Heaviest Loser.

Parnell, I. T., April 10.—The heaviest loser in the sawmill seizure is the S. B. Scratch Mill company. It ran three mills and had over 1,000,000 feet of lumber on hand. The officers will hold the property until they receive further orders from the interior department. The department, it is thought, will order the mills destroyed and lumber sold. This is the usual custom. Proceeds will be turned over to the Choctaw funds.

Three Texas Salamanders

New York, April 10.—Three blind salamanders have been added to the collection in the New York Aquarium. It is said no other exhibition place in the world possess such treasures. The salamanders were taken from the United States fish commission's artisan well at San Marcos, Tex. This is 108 feet deep and is believed to have pierced a subterranean cavern. The well has thrown up several specimens of blind fish, but none have lived.

Placed in Jail.

Chicago, April 10.—As the result of a post-election argument in a saloon fight followed, Maurice Moore and Frank Vinch may die and three other men were seriously hurt. The crowd was chiefly Italians and when the fight broke out on the sidewalk pistols and knives were used. Twelve arrests were made.

Proposals Refused.

The Hague, April 10.—The offer of the state railroads have refused the proposal of the railway union to enter into negotiations for a settlement of the strike.
